

Cuttex

Product features

Cuttex is a hand cutting torch with a flat handle that works according to pressure principal, which enables the use of different fuel gases such as acetylene and propane

Cuttex offers a reliable and versatile solution for cutting applications.

- **EN ISO 5172-compatibility:** Meets the requirements of EN ISO 5172 for safety and performance.
- **Lockable lever valve:** Equipped with a lockable lever valve for the cutting oxygen for precise control and safety.
- **3-cone sealed nozzles:** Compatible with 3-cone sealed nozzles for versatile use.
- **Cutting support and non-return valves:** Compatible with cutting supports and non-return valves for increased functionality and ease of use.
- **Customizable length:** Standard lengths are 510 mm and 855mm, but other lengths and designs can be manufactured on request.

Technical data

Type	Cutting torch
Principal	Pressure
Standard	ISO 5172
Fuel gas	AC / Propane(LPG)

Materials:

Front piece	CW 614N
Back piece	CW 614N
Handle	Aluminum
Tube	AISI304L
Shut-off valve	CW 614N/ Stainless steel/ PTFE/ NBR/ Aluminum
Shut-off valve lever	CW 614N/ Stainless steel/ Neoprene/ NBR
